

Visual Signals LIGHT EMITTING DIODE BEACONS

E-Flare LED Portable Beacon Series>

Product overview

Suitable for a wide range of applications the E-Flare beacon has been designed with versatility in mind. The unit provides a highly visible warning zone, day or night. These beacons are single colour only and incorporate a failsafe activation switch to prevent

accidental turn on or off. The units are powered by two 'D' Cell Alkaline batteries (not supplied) that will provide at least 40 hours of peak brightness operation. See below for the range of accessories for the E-Flare portable beacon.

Features

- LED long life
- Low battery indicator
- Shock resistant
